Hi Arvin,

Here is a list of all the EPA letters with the status. It looks like we've responded to most of the older letters, and for the newer letters, the response is almost ready. For the letters to other agencies, I can call them to find out the status if you would like. Let me know if there's anything else.

Thank you,  
Sara

Sara.

Can you please see whether these have been responded to? They may not be EPA letters, but please let me know what the status of them are?

Thanks!

As mentioned 2nd last ltr did get a response, but as you will see it's skirted the questions. I'm sure some of that was on purpose but anything more substantive would be appreciated on our end.
